nsetka@berry.edu

EDUCATIONAL BACKGROUND

- **Master of Science: Physician Assistant Studies, University of Nebraska Medical Center:** Interservice Physician Assistant Program, Fort Sam Houston, TX
- **Bachelor of Science: Exercise Science and Wellness, Ball State University:** Muncie, IN

PROFESSIONAL EXPERIENCE

2024 to Present

Clinical Assistant Professor, Director of Didactic Education, MMS-PA Program, Berry College, Rome, GA: Identify the educational needs and objectives of the program, considering accreditation standards, healthcare trends, and the needs of future PA practitioners. Develop a comprehensive and cohesive curriculum that covers essential medical topics, skills, and competencies. Ensure that the curriculum aligns with the accreditation standards set by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA). Integrate core competencies into the curriculum, including medical knowledge, interpersonal and communication skills, patient care, and professionalism. Advocate for the needs and interests of the didactic portion of the program within the broader context of the PA program and the institution.
